How Did My Apple Get Here?

Name: _____ **Date:** _____

Hi, Apple Explorer!

Watch Blossom's video and follow an apple from a spring flower to your school lunchroom.

1 Put the apple journey in order

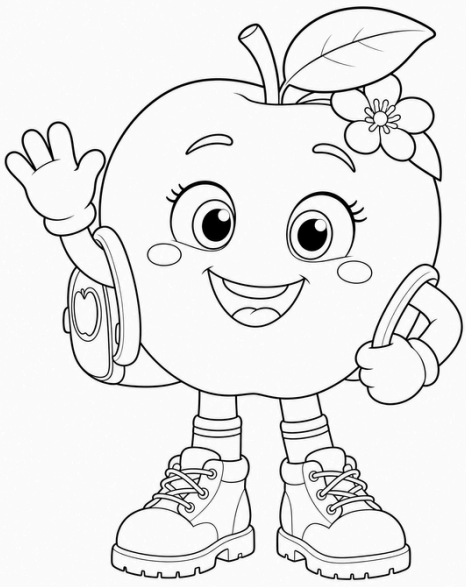

Write numbers 1 through 5 in the boxes. What happens first?

- ☐ A bee visits an apple blossom.
- ☐ A tiny apple grows all summer.
- ☐ The apples arrive at school.
- ☐ The apples are picked at harvest.
- ☐ Apples are sorted and packed.

2 Match the word to its meaning

Draw a line from each word to its correct meaning.

Pollination	Picking ripe apples from trees
Harvest	A fruit beginning to grow
Tiny apple	Pollen moving between flowers

Bonus: Color me in!

3 Think like an apple scientist

Why are bees important to apple trees?

_____

_____

What helps an apple grow during the summer?

_____

_____

Taste, Explore & Create!

Blossom says:

Every apple has its own color, crunch and flavor!

4 My apple taste test

Apple variety (if known): _____

Circle what you notice about your apple:

COLOR	Red	Green	Yellow	Mixed
TASTE	Sweet	Tart	A little of both	
TEXTURE	Crunchy	Soft	Juicy	

My apple tastes like: _____

5 Draw your apple adventure

Draw an apple tree, a delivery truck, or your favorite part of the journey.

6 One thing I learned

_____

_____

_____

Bonus: Tell a friend how a tiny flower becomes an apple!

_____
